Original outsale to Stewart in 64-508 uses the same description as shown in Survey Record 4-109. In the 109-264 transfer, there is no desc. used. In the transfer to Logsdon in 111-562 the desc. changes, leaving out a side of the original desc.

Then again in 200-173 and all following deeds, the desc. changes again. All deeds and desc. are calling for 40 ac. so it is assumed that the original desc. and survey record is the more correct.
