Two surveyors disagree on the location of the line between OL 18 & OL 19																			
This also resulted in a difference in the acreage each surveyor stated was in																			
the two Outlots. When a parcel was sold to Village of Millersburg it was impossible																			
to show the acreage split within each outlot, therefore the two parcels were combined																			
into the total parcel which equals .444 acres per plat 8-86. The split was then																			
subtracted. see plat 16-998
