CONGRESS LANDS NORTH OF GREENVILLE TREATY LINE

LOTS 19 AND 20 ACCORDING TO PLAT OF MIDDLETOWN (NOW MT HOPE) AS RECORDED  
IN DEED VOLUME 1, PAGE 236, in 1827.

I certify that this plat was made from field notes of a field survey made as of June 30, 1966 to locate corners of Lots 19 and 20, and to divide Lot 20 for owners, Donald W. and La Venue Rotnacher, according to deed recorded in Deed Vol 134, page 10.

Signed: Willard Landis

Willard Landis, Registered Professional Surveyor #4425, Ohio.

True Lot corner 0.5' East of foundation  
and 1.2' North of existing sidewalk.  
Stairway of house appears to encroach.  
JACKSON ST. 66' Per Orig Plat

**MODUS OPERANDI:**

Original plat shows the main streets to be 66 feet wide. Previous surveys have reported that the streets are 64 feet wide as existing. This survey was based on existing foundation walls as being on the true lot corners and encroachment from Lot 18 is due to an addition to the original building on Lot 18; the original building appears to have been wholly on said lot. This survey conforms to all other lines of occupation.
